On-Site Child Care

Occasional hourly childcare services may be provided on site when parents are attending a base or unit function. There are two options for hourly on-site care. The first is Child Care in a Unit Setting (CCUS), which allows a base organization to provide child care during a meeting or function. Under the CCUS concept, personnel from the sponsoring activity provide the child care. The other option is Short-Term Alternative Child Care (STACC), which differs in that employees of CYTP provide on-site care. When utilizing either of these options, parents are on-site, retain custody of their children, and are available in an emergency.
