

## Q&A

# Courthouse Bay Chapel

The **Courthouse Bay Chapel's** mission is to serve the students and staff across the broad mission of the MCES Engineer School and Joint Maritime Training Center.

We accomplish this through individual counseling services, weekly worship opportunities, group Bible studies and unit/class training opportunities.

Our worship services are *non-denominational* and contemporary. Please come as you are.

The last Wednesday of every month we host a movie and provide popcorn, soda and snacks for all attendees.

The Chapel is available to support the training needs of MCES Courthouse Bay and can accommodate 80 service members through an HD Projector and sound system.
