

TBS

Welcome Aboard Package

THE BASIC SCHOOL

TO OUR NEWLY REPORTING MARINES AND FAMILY MEMBERS

Welcome aboard to The Basic School. As the Commanding Officer and Sergeant Major of TBS, we want to be the first to welcome you. We have been entrusted with training the next generation of Marine Corps' officers. Despite the high operational tempo, The Basic School affords Marines and their families a break from overseas deployments and time to reset prior to returning to the operational forces. Quantico is an ideal location to see the local attractions and enjoy activities with family and friends. During your time here, you will have the opportunity to see and instruct multiple classes of student officers. They will give you their best effort and I expect that you will give them yours. I expect all permanent personnel to show the students "what right looks like" as the example set at The Basic School sets the standard across the Marine Corps. The future of the Marine Corps rests in our hands. Welcome aboard! We look forward to serving with you all.

SEMPER FIDELIS!

The two airports closest to MCB Quantico are Dulles International located in Centerville, Va., and Ronald Reagan Washington National, in Washington, D.C. Shuttle services are available from both. The town of Quantico is a stop for both Amtrak and Virginia Railway Express train services.

All Marine Corps personnel reporting to Quantico and The Basic School during normal working hours will report to the Installation Personnel Administration Center (IPAC) located on the second deck of Building 2006, Hawkins Avenue, (Headquarters & Service Battalion Building) which is located on Mainside. The IPAC phone number is (703) 784-4466. Upon reporting in, IPAC will provide initial administrative check-in assistance including OQR/SRB updates, Original Orders Endorsements, Travel Claims, Unit Diary and Assignment to the Welcome Aboard Briefing. After completing IPAC check-in, personnel are turned over to their assigned unit headquarters for issuance of their Check-in Sheets and further in-processing. For Marines reporting to TBS, your headquarters will be Heywood Hall, address 24164 Belleau Avenue, Quantico, VA, 22134.

All personnel checking in are required to wear Service Alphas. Upon arriving at TBS, please check in with the S-1/Manpower section to receive your check-in sheet. Based on your orders, you will be directed to one of the company offices for further check-in procedures.

After Hours Check In:

Marines checking in after hours will check-in with the Officer of the Day to have their orders stamped. Depending on pay grade and dependent status, Marines will either receive a temporary barracks room located aboard TBS or they will be required to stay in temporary lodging (potentially covered by TLE). On the first business day after checking in, Marines are required to check in with the local IPAC and S-1/Manpower Section to receive their check-in sheet.

Check-In Procedures for Student Personnel

Check-in to The Basic School

Check-in Time: NET 0700 / NLT 1700 on the date of your orders

Reporting Uniform: Service Alphas or Business Suit Equivalent

Required Documents: OQR, Medical/Dental Documentation, Hard Copy of Original Orders

All students will be required to complete both annual and fiscal year MarineNet training during the first two weeks of the period of instruction (POI). You can get-ahead by logging onto MarineNet and completing the required courses prior to check-in. The link is located at: <https://www.marinenet.usmc.mil/MarineNet/Home.aspx>.

If you are a single Marine or a geo-bachelor, expect to live in a barracks-type environment, with one to two additional roommates, complete with a head, small refrigerator and microwave. It is recommended to bring personal bedding (comforter, pillow), as well as any additional electronic items to assist with training during the POI (laptop, printer, tablet).

If you are married and are bringing a family, it is advised to live in the Stafford area and close to Garrisonville Road. The majority of apartments, townhomes, or rentals that accommodate short term leases (i.e., monthly, quarterly, or six-month) are near Camp Barrett. The link to the Quantico housing office which contains ample information on Base Housing and the Housing Referral Service is:

<http://www.quantico.marines.mil/OfficesStaff/GFInstallationandEnvironment/FamilyHousingBranch.aspx>.

While training at The Basic School, you will not be allowed to ride a motorcycle. Also, no firearms are permitted in the barracks aboard Camp Barrett, so either leave them at home or find an off-base storage location. If you choose to drive a personally owned vehicle to Camp Barrett, ensure you have your vehicle registration and insurance available, as we will conduct vehicle registration for the base during in-processing weeks.

During the first few weeks of the POI you will be required to purchase the Marine Corps Dress Blue uniform to wear at The Basic School Marine Corps Birthday Ball. This uniform can cost upwards of \$800. Ensure that you have a plan to purchase this required uniform. Included in subsequent pages are uniform prices from the TBS Uniform Shop and The Marine Shop, as well as the required uniform list for Officers graduating from The Basic School. Further information is available online.

Your check-in will go in the Vietnam Room. You are expected to check-in wearing either your Service A uniform or civilian equivalent (suit and tie).

A Note about the Service Member's Civil Relief Act for Residential Leases

You may terminate residential leases on a premise you or your dependents occupy if you:

- Enter a lease and thereafter enter the military service
- Execute a lease during military service and thereafter receive permanent change of station or deployment orders for 90 days or more. Termination of your lease will be effective 30 days after the date the next rent payment is due. Security deposits must still be returned to you pursuant to applicable state laws. Any prepaid rent must also be refunded.

Note to Virginia leasers:

"The Virginia Residential Landlord Tenant Act" also permits termination of applicable residential leases if you:

- Receive permanent duty orders to depart 35 miles or more (radius) from the location of your dwelling
- Receive temporary duty orders in excess of three months' duration to depart 35 miles or more (radius) from the location of your dwelling
- Are discharged or released from active duty from the armed forces or from full-time duty or technician status from the National Guard

Are ordered (not offered as space becomes available) to report to government-supplied quarters resulting in forfeiture of allowance of quarters.

Rental housing eviction protection—You and your family cannot be evicted from housing for nonpayment of rent without a court order, no matter what your rental agreement or local laws say. This protection applies to rents \$2,465 and below for 2004 and \$2,400 in 2003 (up from \$1200 in previous years). This \$2,465 cap is automatically adjusted by the yearly increase in the November Consumer Price Index for all urban consumers, rent of primary residence, U.S. city average. For more information, visit <http://www.bls.gov/cpi/> for the yearly statistic. If you or your family's ability to pay rent is materially affected by your military service, you may apply to the court and the court must either grant a 90 day stay in eviction proceedings (unless longer or shorter would be more fair to all parties), or adjust obligations under the lease in a way that preserves all parties' interests.

Car Buying & Registration

Leasing

Need a vehicle? Depending on your circumstances, many service members find leasing a vehicle to be a better option than buying one. To find out more about leasing and whether it's right for you, visit the following link: http://www.militaryonesource.mil/financial-and-legal/home-and-family-finances?content_id=281441

Virginia Registration Requirements

If you are an active-duty armed forces member who is stationed in Virginia, you and your spouse, as well as eligible dependent children, can drive with valid licenses from out of state or from your home country.

If you are the sole owner of your vehicle, you can drive it with out-of-state plates. If the vehicle is co-owned and out-of-state plates are used, all co-owners must be active duty service members. If all the co-owners are not active duty members, the vehicle will need to be registered in Virginia.

Your registration fee is determined by the empty weight/gross weight of your vehicle, the type of license plate you purchase and the number of years (one or two) you register your vehicle. There's a \$2.00 discount when you register for two years. If both your name and your spouse's name are on the title, you will not get a fee waiver for Virginia taxes.

For more information about registration requirements in Virginia, visit the following links:

<http://www.dmv.org/va-virginia/military-drivers/>

<https://www.dmv.virginia.gov/webdoc/pdf/dmv206.pdf>

Out-of-state Vehicle Registration

For information about registration requirements in your home state of record, visit the following link and select the link for your state: <http://www.dmv.org/military-drivers/>

A Note about the Service Member's Civil Relief Act for Vehicle Leases

You may terminate a lease for a motor vehicle you or your dependents signed prior to coming to active duty or prior to receiving orders for a period of not less than 180 days. You may terminate a lease that you signed during your military service if you receive PCS orders outside the continental United States, or deployment orders, for a period of not less than 180 days. No early termination charge may be imposed, but certain fees and taxes may be charged to you pursuant to your lease, including reasonable charges for excess wear, use and mileage.

Defense Personal Property Program – DP3

INITIATING YOUR MOVE

The Defense Personal Property Program (DP3) is a new DOD program designed to improve quality of life for our service members, civilian employees, and their families through improved household goods moves. A centralized computer repository, Best Value procurement standard, and a streamlined claims process are major initiatives to achieve superior household good transportation service.

The Defense Personal Property System (DPS) is designed to improve the move experience for all those involved. DPS provides direct and empowered communications between the service member and Transportation Service Provider (TSP) - DPS is available 24/7 365 days a year from any location with internet access.

Important details to consider:

- Review current moving tips on <https://www.move.mil/>.
- You must establish a DPS account to process/manage your shipment, request delivery, file a claim, and complete your Customer Satisfaction Survey.
- You will receive e-mail notifications throughout the move process; you must maintain a current e-mail address in DPS that will be valid at both origin and destination.
- You can still request TSP to handle your shipment, however they may be more difficult to acquire under this Best Value program.
- The TSP is required to perform a Premove survey at least 7 days prior to the requested pickup date.
- In most cases, the actual Pack, Pickup, and Delivery dates will be negotiated directly between you and TSP during the Premove survey. You should expect 1 pack day for every 400 pounds.

MANAGING YOUR MOVE

DPS provides you with move information where and when you need it. DPS places you in direct contact with the TSP. The following list of functions provides customers with more visibility and control over their move;

- **CONTACT INFORMATION**

Use DPS to keep your contact address, phone numbers, and e-mail addresses up to date. **Current contact information is critical throughout the entire move!**

- **DATE CHANGES**

DPS provides the ability to request changes to your pack, pickup, and delivery dates. All date changes **must be** coordinated with the TSP.

- **TEMPORARY STORAGE**

You may be authorized temporary storage. Extensions beyond the initial storage period can be requested through your DPS user interface. Requests require justification and are not automatically approved.

- **REQUESTING DELIVERY**

When a shipment arrives at its destination, the TSP coordinates delivery directly with you. If the TSP is unable to coordinate a delivery after 2 hours (domestic) or 3 hours (international), the TSP must request storage. DPS sends you an arrival notice. When you are ready for delivery, submit a request for delivery through DPS. The TSP is required to respond to your request within 24 hours. Confirmation of a delivery date will appear in the customer's DPS work queue.

- **EXCESS COST**

DPS determines excess costs for shipments having excess weight, excess distance, multiple shipments, and boat/trailer excess costs. DPS calculates the excess cost based on the actual shipment weight and displays the dollar amount owed. DPS automatically generates a reweigh request for shipments exceeding your JFTR/JTR weight allowance.

DP3 (Continued)

COMPLETING YOUR MOVE

REPORTING LOSS/DAMAGE

Upon shipment delivery, you and the TSP will record loss/damage on a “*Notification of Loss/Damage AT Delivery*” form.

Loss/Damage discovered after delivery shall be listed on the “*Notification of Loss/Damage AFTER Delivery*” form **or** entered into DPS by you.

All loss/damage must be declared and filed within 75 days of delivery. (*Hardcopy or in DPS*) Neither the TSP nor the Government will pay for items not identified on the loss/damage report within 75 days.

FILING A CLAIM

To have your claim paid on the basis of Full Replacement Value (FRV), you **MUST** file directly with the TSP within 9 months of delivery. You can file a claim by logging into DPS and selecting the “CLAIMS” tab. For FRV, the TSP is REQUIRED to replace any item that is lost/destroyed with a new item, or pay the cost of a new item of the same kind and quality, without deducting for depreciation. The TSP is not required to replace items which can be repaired for less than the FRV of the item. Repair will be to the extent necessary to restore the item to its condition when it was received by the TSP. An item is considered destroyed if it cannot be repaired, or if the cost of repair would exceed the cost of a new item.

Claims Critical Timeline

- **WITHIN 5 DAYS AFTER DELIVERY** – The TSP may provide a “Quick Claim” settlement if total claim is less than \$500.
- **WITHIN 75 DAYS AFTER DELIVERY** – You must file your Notice of Loss/Damage form or complete the action in DPS. If you opt for filing with the military claims office, you must file within **70 DAYS AFTER DELIVERY.**
- **WITHIN 9 MONTHS AFTER DELIVERY** – File your claim directly with the TSP for FRV protection.
- **NLT 2 YEARS AFTER DELIVERY** (*but after 9 months*) – File your claim with the TSP or your Military Claims Office for other than a FRV settlement.

CHAPLAIN VINCENT CAPODANNO

Medal of Honor Citation

"For conspicuous gallantry and intrepidity at the risk of his life above and beyond the call of duty as Chaplain of the 3d Battalion, in connection with operations against enemy forces. In response to reports that the 2d Platoon of M Company was in danger of being overrun by a massed enemy assaulting force, Lt. Capodanno left the relative safety of the company command post and ran through an open area raked with fire, directly to the beleaguered platoon. Disregarding intense enemy small-arms, automatic-weapons, and mortar fire, he moved about the battlefield administering last rites to the dying and giving medical aid to the wounded. When an exploding mortar round inflicted multiple painful wounds to his arms and legs, and severed a portion of his right hand, he steadfastly refused all medical aid. Instead, he directed the corpsmen to help their wounded comrades and, with calm vigor, continued to move about the battlefield as he provided encouragement by voice and example to the valiant Marines. Upon encountering a wounded corpsman in the direct line of fire of an enemy machine gunner positioned approximately 15 yards away, Lt. Capodanno rushed a daring attempt to aid and assist the mortally wounded corpsman. At that instant, only inches from his goal, he was struck down by a burst of machine gun fire. By his heroic conduct on the battlefield, and his inspiring example, Lt. Capodanno upheld the finest traditions of the U.S. Naval Service. He gallantly gave his life in the cause of freedom."

Per his family's wishes, Chaplain Capodanno's actual Medal of Honor and signed citation hang on the west wall of the Capodanno Chapel at TBS.

TBS Chaplaincy

CHAPLAINCY

US Navy Chaplains have existed since November 1775. As both ordained clergy and commissioned US Navy officers, their mission is to ensure the free exercise of religion and promote and maintain spiritual readiness and interior wholeness.

Effective US Marine Corps leaders know to call upon their chaplain both for the sake of those they lead, and for their own benefit.

CONFIDENTIALITY

Per Navy policy (SECNAVINST 1730.9), what is said to a chaplain within counseling is absolutely confidential - period! There are no exceptions.

The government and military recognize that it is to the benefit of all to provide someone who is completely safe with sensitive or very personal information. So, YOU hold the key.

A chaplain may recommend other resources, but it will always be up to the person who discloses whether or not to allow information to be shared with anyone outside the chaplain counseling relationship.

The Single Marine Program

About SMP

The Single Marine Program exists to improve the Quality of Life for Single Marines and Sailors aboard MCB Quantico. We focus on the young, single, enlisted Marine or Sailor, although we also welcome geographical bachelors, single parents, and single officers.

The Marine Corps conducted a Quality of Life study in 1993. Results showed that 43% of young, single Marines were dissatisfied with their overall quality of life, and with leisure activities that were available to them. Because such dissatisfaction negatively affects all areas of life— including retention, job performance, and personal readiness— the Marine Corps established the Single Marine Program in 1995. Program goals include:

- Improving Quality of Life
- Enhancing Recreational Opportunities
- Encouraging Community Involvement

Your Quality of Life is important to us, but we need your ideas and concerns to be effective in providing for your unique needs. The Single Marine Program has been created for YOU.

SMP Meetings:

Mainside: Last Wednesday of the month at 1200 at the SMP House, 206 Nicholas Road, Quantico VA 22134.

We help identify QOL concerns to the command. Once these issues are researched, a report is submitted to the proper base agency for resolution. Issues that cannot be resolved at the installation are forwarded to HQMC Single Marine Program for consideration and resolution.

We also discuss and plan recreation, social events, and community participation activities. When you participate, you'll feel a sense of ownership in YOUR SMP program. Get involved. Call today to find out how you can make the most of YOUR Single Marine Program.

Things I wish I had known!!

- **Go to a L.I.N.K.S. class:**
<http://www.quantico.usmc-mccs.org/index.cfm/marine-family/family-readiness/marine-corps-family-team-building-mcftb/links/links-sessions2/>.
They will provide you with a resource binder for all things Quantico and give you an opportunity to meet new people.
- **Be patient and flexible—*SEMPER GUMBY***—the schedule will change and adjustments will have to be made.
- **Know your FRO and Family Readiness Team.** You can contact them with any questions or concerns you may have.
- **Attend the functions that are offered by the Family Readiness Team.** It is a great way to meet people in your situation, especially the Commandant’s Home Tour!
- **Get involved!** You can support the Family Readiness Team by becoming a Family Readiness Assistant (FRA). Just contact Mrs. Joyce Murphy by e-mail at joyce.murphy@usmc-mccs.org or by phone at (703) 784-1211.
- **When looking to rent a home, don’t rent on just *one* recommendation** – Ask others before you rent!
- **If you’re a married student, talk to your OSO or OIC about getting your orders moved up a week** – This will give you time to find a house/apartment.
