

ADVANCED WATER SYSTEM TECHNICIAN COURSE INFORMATION:

PREREQUISITES: Corporal through Staff Sergeant with one year experience in MOS 1171. Certification of current sustainment for T&R event Conduct an Operational Risk Assessment.

MOS 1171 Lance Corporal with one year experience and a minimum of one year remaining in current enlistment may attend with a waiver by Utilities Instruction Company Academic Officer or academic Chief.

PURPOSE: To provide designated advanced level training to Water Support Technicians (MOS 1171) in compliance with the training continuum required by the Marine Corps Total Force.

SCOPE: This course is designed to impart the advanced knowledge, skills, and abilities required to supervise a water section and plan/provide water and hygiene support to combat and contingency operations. The course consists of instruction in the planning and supervision of finding and developing water sources; water purification, storage and distribution; hygiene support; and field sanitation. Assessment and planning of interior plumbing systems are taught based on the Uniform Plumbing Code (UPC). Safety, environment, managing equipment maintenance, and advanced troubleshooting of water support and hygiene equipment are also covered along with conducting unit training.
