

WELCOME ABOARD (ENTRY LEVEL STUDENTS)

Welcome to your journey towards becoming Assault Amphibian Marines! Your assignment to the Assault Amphibian School marks the beginning of your assignment to the occupational specialty that delivers the signature mission of the Marine Corps – AMPHIBIOUS ASSUALT!

The Assault Amphibian School provides entry-level instruction on the operation, employment, and maintenance of the Assault Amphibious Vehicle (AAV) and the Amphibious Combat Vehicle (ACV)

During the course, you will receive instruction from highly qualified Marines who have successfully served as operators or maintainers within the Assault Amphibian Occupational Field. These Marines have been selected to provide you with the tools to serve effectively in the Fleet Marine Force upon your graduation from the Assault Amphibian Crewman Course or Assault Amphibian Repairer Basic Course.

You will soon join an occupational field that provides a unique, service-defining capability with a storied combat history – from World War II to the Global War on Terror. We look forward to serving alongside you in the future and welcome you to the Assault Amphibian Community.

Semper Fidelis,

WELCOME ABOARD (AAUL, AARI, VCC)

Assault Amphibian Unit Leaders, congratulations and welcome back to AAS!

Whether you are returning from service in the supporting establishment or currently serving in the FMF, we would like to welcome you to the Assault Amphibian Center of Excellence. As we continue to integrate the ACV into our formations, and modernize our training and operational procedures, the mission of AAS will remain the same – to ensure that our SNCO leaders are prepared to lead, train and develop Marines at the section and platoon level in the FMF. During the course, you will receive instruction from screened and selected Marines who have completed successful tours as section leaders and platoon sergeants within the community. In fact, you may have served with your instructors in previous assignments. These talented Marines have been selected to provide you with additional tools to increase your effectiveness in your future billets.

As you complete your training in AAUL, AARI, or VCC challenge yourself to enhance the learning experience for everyone in the course. The Marines with whom you will serve in the future will benefit greatly from your efforts.

Semper Fidelis,

WELCOME ABOARD (AAO)

Marine Leaders, welcome to the Assault Amphibian Officers Course.

Welcome to your journey towards becoming Assault Amphibian Officers. Your training and education at the Assault Amphibian School marks the beginning of your assignment as leaders within the occupational specialty that delivers the signature mission of the Marine Corps – AMPHIBIOUS ASSUALT.

The Assault Amphibian School provides entry-level and career progression instruction on the operation, employment, and maintenance of the Assault Amphibious Vehicle (AAV) and the Amphibious Combat Vehicle (ACV)

During the course, you will receive instruction from highly qualified Marines who have successfully served as operators or maintainers within the Assault Amphibian Occupational Field. These Marines have been screened and selected to provide you with the tools to serve effectively as Assault Amphibian Officers in the Fleet Marine Force.

You will soon join an occupational field that provides a unique, service-defining capability with a storied combat history – from World War II to the Global War on Terror. We look forward to serving alongside you in the future and welcome you to the Assault Amphibian Community
